# LCL EXPRESS ASIA-US

Expeditors offers a faster, reliable, and cost-effective solution for LCL shipments from Asia into the United States.

## **COST-EFFECTIVE**

LCL Express is faster than traditional LCL consolidated ocean freight and less expensive than air freight service. This service offers a cost-effective alternative for shipments that are urgent but do not warrant full air freight costs. The service helps to manage ever increasing transport costs while maintaining supply chain flow and efficiencies.

## **FULL COVERAGE**

LCL Express is available from multiple Asia port origins to most US door destinations.

## **SECURE**

LCL Express moves within the existing Expeditors ocean network. Loaded and managed from origin to door by Expeditors employees.

## **CONSISTENT & RELIABLE**

LCL Express moves via ocean in existing, dedicated weekly consolidated ocean containers to the West Coast and is immediately moved out for delivery to your door location using premier LTL carriers.

## **TRACEABLE**

LCL Express moves as an LCX shipment within the Expeditors system offering global consistency and allowing the cargo to be tracked and monitored as LCL Express, via the Expeditors online tracking system and reports.

## **IN-BOND SERVICE**

In-bond services available for fast, easy delivery to an FTZ or other bonded facility.
